# Make it Raw

The specially designed mannequin finish works particularly well with the complete jeans department where the Raw look compliments all kinds of denim and related casualwear. The Raw look also lends itself to other fashions and styles and is a perfect match with cool dresses and suits and any sort of sportswear.

Raw is – as the name indicates, the raw nature of the mannequin material where no paint has been applied. The surface is treated to prevent finger marks etc. Raw is also exciting as it will continue to age developing a distinctive and attractive patina over time.

Make Raw enhance your brand identity with one of the many fantastic wigs Hindsgaul offers for this collection!

The Raw mannequins are included in Hindsgaul's Designer's CHOICE Collection, and available from stock in 3 female and 3 male positions.
